The first **Yankee Pier** opened in Larkspur in 2000, offering the freshest seafood from coast to coast. It is located in a quaint house built in 1924, with a front porch draped in flowering wisteria during the summer. A second Yankee Pier, at Santana Row in San Jose, opened two years later. In addition to Yankee Pier at San Francisco Airport, our fourth Yankee Pier opened in Lafayette. Each restaurant is committed to serving the best quality fish and shellfish, along with local produce, housemade desserts, and a selection of all-American wines.
